

About the questionnaire

Stichting Schoolinfo ascertains the opinion of students regarding distance education. When we know what students want, schools can use this information to further shape their education. We share the results with the entire sector. The questionnaire below was answered digitally by over 4000 students in the Netherlands.

Poll: What do you think of school?

Due to corona the schools were closed and you experienced remote learning. You might be going to school again for some lessons. School would really like to know your opinion on learning in these times, now and for the future.

The questionnaire will take 5-20 minutes to complete.
